Perihal : **Penyampaian Tawaran Beasiswa Riset Pada Penerimaan Mahasiswa Program Pasca Sarjana di *University of Science and Technology, Korea Selatan (UST) Semester Fall 2021***

RINGKASAN BERITA

KBRI Seoul telah menerima tawaran penerimaan mahasiswa Pascasarjana baru dari *University of Science and Technology* Korea Selatan (UST) untuk *Fall Semester 2021*. Program ini merupakan pascasarjana riset yang dilakukan di 32 kampus dibawah pengelolaan *National Research Institute* (NRI). Mahasiswa yang diterima akan menempuh pendidikan dengan melakukan riset dan diberikan beasiswa secara penuh.

KBRI memandang kesempatan ini sangat bagus dalam meningkatkan jumlah lulusan pascasarjana riset Indonesia yang berkualifikasi internasional. KBRI sangat berharap kerja sama Ditjen Dikti, Kemendikbud dan Kemenristek/BRIN untuk menyampaikan kesempatan beasiswa pascasarjana riset di UST ini kepada calon mahasiswa dari Indonesia secara lebih luas.

Merujuk perihal tersebut pada pokok berita, bersama dengan hormat disampaikan hal-hal sebagai berikut;

1. KBRI Seoul telah menerima tawaran beasiswa mahasiswa pascasarjana riset dari *University of Science and Technology* Korea Selatan (UST). UST adalah universitas pascasarjana yang berada di bawah pengelolaan Kementerian Sains dan ICT, Korea Selatan. UST didirikan pada tahun 2003 oleh konsorsium tiga puluh dua (32) institut riset nasional yang merupakan kampus tempat mahasiswa melakukan riset sekaligus menempuh program pascasarjana.

2. Untuk mendukung misi dari UST dalam melakukan *talent scouting* terhadap bakat sains dan teknologi terbaik tingkat internasional, maka program pendidikan tersebut akan mencakup juga penelitian lapangan di 32 kampus UST. UST memandang bahwa pertukaran akademik dan ilmiah internasional sangat penting. Untuk itu, UST berkeinginan menjangkau mahasiswa Indonesia yang kompeten yang saat ini sedang belajar di Korea Selatan dan sedang mencari jenjang pendidikan yang lebih tinggi, atau mahasiswa lain yang memenuhi kualifikasi seperti pada petunjuk rekrutmen terlampir. UST berharap para calon mahasiswa dapat terus mengeksplorasi karir mereka di Korea Selatan dengan bergabung di UST dalam menempuh pendidikan Master dan Doktoral (Ph.D).
3. Saat ini UST sedang melakukan rekrutmen mahasiswa baru untuk Semester *Fall* 2021 pada program pascasarjana yang akan didanai secara penuh oleh pihak UST. Pendanaan penuh dilakukan mengingat setiap mahasiswa di UST akan berpartisipasi dalam proyek penelitian sebagai peneliti mahasiswa di salah satu dari 32 institut riset nasional. Oleh karena itu, kepada mereka akan diberikan beasiswa secara penuh saat diterima.

#### Catatan KBRI

4. KBRI Seoul memandang kesempatan ini sangat baik untuk dimanfaatkan oleh mahasiswa Indonesia dalam meningkatkan kemampuan riset dan sekaligus menempuh pendidikan yang lebih tinggi. Berdasarkan *Center for World University Rankings* (CWUR), UST menempati ranking ke-27 nasional di tahun 2020.
5. Asosiasi Peneliti Indonesia di Korea Selatan (APIK) pada kesempatan pertemuan dengan Presiden RI di sela-sela *ASEAN-ROK Commemorative Summit* di Busan, November 2019, telah merekomendasikan agar Indonesia dapat membentuk Universitas Riset Indonesia (URI) mencontoh UST yang diketahui mampu menghasilkan peneliti-peneliti andal.
6. Terlampir disampaikan detail penjelasan proses rekrutmen calon mahasiswa dan informasi lainnya terkait UST.

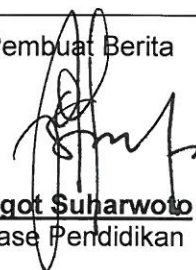

Atas perhatian dan kerjasama diucapkan terima kasih.

Seoul, Maret 2021

# International Admission Guidelines for the 2021 Fall Semester

[Non-Korean Citizen / Koreans Living Overseas]

---

2021.3

**※ Note**

- a. English Test Score Submission Deferment is removed from Fall Semester 2021.
- b. TOEIC is not acceptable from Fall Semester 2021.
- c. Self-quarantine
  - Due to COVID-19 pandemic, successful applicants may be requested to find the accommodation by one's self in South Korea for 14 days.  
(UST may not provide the dormitory or any accommodation for self-quarantine.)

## I . Overall

UST helps student researchers engage in self-directed learning by identifying and solving problems themselves on-site while conducting research rather than asking them to passively receive theory-centered education delivered in a traditional fashion. UST looks forward to receiving applications from the most ambitious and creative up-and-coming scientists to pursue their dreams in a program built upon UST's educational philosophy. We ask that you submit your applications according to the timeline and guidelines listed here.

### I - i . Admission Type

<b>International Admission</b>	Non-Korean Citizen	Both the applicant and his/her parents are not citizens of Korea
	Koreans Living Overseas	Korean nationals residing abroad or foreign nationals whose parents are overseas Koreans and completed all of their elementary, middle, and high school and college courses outside of Korea
